About

Energetic and creative Master's student with real-world software development experience and a passion for 3D Computer Graphics in Animation, VFX, and Game Development. Skilled at learning new tools quickly and bringing technical ideas to life through interactive and visual experiences.

Technical Skills

C++, Python, C#, JavaScript

Blender, Unity, Unreal Engine, Maya

OpenGL, WebGPU,

GitHub, MySQL

Professional Skills

Teamwork, Determination,

Quick Learning, Communication,

Critical Thinking, Problem Solving,

Taking Initiative

Current Projects

Character animation / Academic

Physically based upper-body animation using antagonistic joint controllers and quaternion kinematics.

Animated Short / Personal

Starting a new project in Maya to make a 3D animation short from scratch in collaboration with an artist.

Video Game / Personal

Solo developing a small video game using Unity and Blender.

Experience

Game Programming Intern / Cyanide

APRIL 2026 - PRESENT

Nanterre, France

Develop game features and systems for Pro Cycling Manager in C++ and a proprietary scripting language, collaborating with senior programmers. Investigate, reproduce, and resolve bugs in coordination with QA teams.

Software Engineer / Dignified Living Home Care

MAY 2025 - DECEMBER 2025

West St. Paul, MN, USA

Developed internal software using .NET, C#, and HTML to manage visit data and streamline workflows. Integrated REST APIs and Azure SQL databases to automate data transfer and improve record tracking.

Engineering Co-op → Software Engineer / AtriCure

JANUARY 2024 - AUGUST 2024 - MAY 2025

Minnetonka, MN, USA

Developed full-stack medical device software using C, Python, JavaScript, and Vue, optimizing code reliability and improving user interfaces.

Education

École polytechnique & ENS Louis-Lumière / M2: Master of Science and Technology in Extended Cinematography

SEPTEMBER 2026 - AUGUST 2027

Paris, France

Institut Polytechnique de Paris / M1: Master in Computer Graphics Interaction, Graphics and Design Program

SEPTEMBER 2025 - AUGUST 2026

Palaiseau, France

University of Minnesota / Bachelor of Science in Computer Science with a minor in French

SEPTEMBER 2021 - MAI 2025

Minneapolis, MN, USA

Université Paul Valéry / Study Abroad Semester

JANVIER 2023 - MAI 2023

Montpellier, France
